

2009

◀ Standard ROPS with retractable seat belt.

◀ Deluxe ballistic seat with armrests provides a comfortable ride and tips up for easy access to drive system.

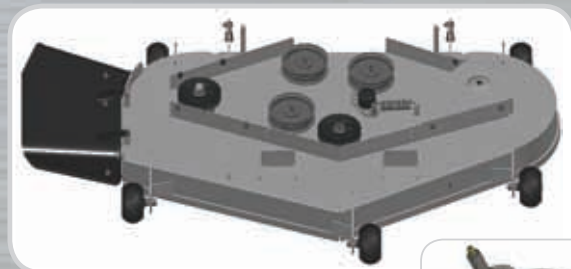

◀ Control system features cast aluminum components for improved handle adjustment range.

◀ Oversized 2" x 3" steel tube frame is longer and wider for improved ride and stability.

◀ Oversized front (13") and rear (23") tires provide a better quality of ride.

◀ Kanzaki tandem pump and Parker TJ series wheel motors feature 1.25" shafts for smooth, durable performance. An oversized 2 gallon hydraulic reservoir provides better heat dissipation and longer component life.

### COMMERCIAL TRIFORCE™ CUTTING DECK

**NEW** Commercial Tri-Force cutting deck features reinforced scalp roller brackets, commercial grade belt idler arm, rubber discharge shield and tapered roller bearing aluminum spindles for premium performance during mulching, bagging or standard discharge.

▶ Commercial grade engine with heavy-duty canister style air filter.

Commercial value hits the turf with the all new Kodiak SE series. Combine a rock solid 2" x 3" tube frame, commercial quality pump and wheel motor drive system, a rugged commercial Tri-Force cutting deck with tapered roller bearings and commercial quality Vanguard and Kohler Command engines and you have a recipe for success.

The Kodiak SE ts the bill...without as many bills.
